DETAILED ACTION

Drawings

1. The drawings were received on April 2, 2004. These drawings are accepted by the Examiner.

Specification

2. Applicant is reminded of the proper language and format for an abstract of the disclosure.

The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words. It is important that the abstract not exceed 150 words in length since the space provided for the abstract on the computer tape used by the printer is limited. The form and legal phraseology often used in patent claims, such as "means" and "said," should be avoided. The abstract should describe the disclosure sufficiently to assist readers in deciding whether there is a need for consulting the full patent text for details.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, page 1, paragraph 0001, line 2, after "2003," please insert --now U.S. Patent No. 6,989,183--.

4. The following is an examiner's statement of reasons for allowance:

The closest prior art of record fails to teach or suggest the recited business form having a removable integrated portion. The independent claims identify the distinct features of a substrate

and method that include a base layer, a liner layer and a backing layer adhesive secured to the liner layer having an integrated removable portion comprising a portion of the base layer and the liner layer with a periphery edge defined by a die cut and an integrated tab comprising a portion of the base layer and being surrounded on at least three sides by the integrated removable portion, wherein the periphery edge is defined by a second die cut. The closest prior art of record, Casagrande (USPN 6,322,655) and Fischer (USPN 5,736,212), disclose different business forms, which either singular or in combination, fail to anticipate or render obvious the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patricia L. Nordmeyer whose telephone number is (571)272-1496. The examiner can normally be reached on Mon.-Thurs. from 10:00-7:30 & alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rena L. Dye can be reached on (571) 272-3186. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
